ENHANCED FLIGHT OPERATIONS ON TAP FROM OCT 1-17 AT LOS ALAMITOS ARMY AIRFIELD

LOS ALAMITOS, Calif. – A visiting U.S. Army aviation unit returns to Los Alamitos Army Airfield this Wednesday to engage in flight operations. The training, which may include periods of increased air traffic and aircraft noise, is designed for the unit to maintain overall operational readiness and is scheduled to conclude on Oct. 17th.

The majority of activity will take place during normal airfield operating hours, but residents of communities located near the base may hear helicopters departing and returning to the airfield outside of normal operating hours.

Efforts will be taken to minimize any inconvenience to our neighbors associated with these training exercises during evening hours.

For additional information, please contact Col. (CA) Richard Lalor at (626) 733-1170 at the Joint Forces Training Base Public Affairs Office.
