Agenda Report Consent Calendar

February 18, 2015
Item No: 9C

To: Mayor Richard D. Murphy & Members of the City Council

Via: Bret M. Plumlee, City Manager

From: Steven A. Mendoza, Community Development/Public Works Director
Tony Brandyberry, Public Works Superintendent

Subject: Purchase of Street Name Signs

Summary: This item is to authorize the City Manager to purchase new Street Name Signs. This item has been placed on the agenda because the material cost exceeds the purchasing limitation of the City Manager.

Recommendation: Authorize the City Manager to purchase new Street Name Signs as described in the attached bid from Hi-Way Safety, Inc. in an amount not to exceed \$15,000.00

Background

Federal requirements for street name signs are contained in the Manual on Uniformed Traffic Control Devices for Streets and Highways (MUTCD). The Federal Highway Administration went through the process to issue and adopt the 2009 Edition of the MUTCD. This Edition adopted new and carried forward requirements related to street name, regulatory, warning, and other post mounted signs.

The MUTCD requires that all street name/regulatory signs maintain a minimum level of reflectivity. The MUTCD also requires that all street name signs adhere to a letter size requirement and color combination (green with white lettering, for example).

During Phases I (12/13) and II (13/14) of the multiyear street name and regulatory sign replacement project, City Staff replaced street name signs in the communities of Suburbia, Apartment Row, College Park North, and Old Dutch Haven. In Phase III (14/15), the remaining communities will be replaced according to reflectivity. Regulatory signs, warning signs, and other post-mounted signs are continuously replaced as needed.

Discussion

The following companies were contacted for Phase III of the project. The City Code, Section 2.60.040 of the Purchasing Rules, requires a minimum of three bids. If approved by City Council, the City Manager will purchase street name signs over the next four months not to exceed a total cost of \$15,000 as outlined in the purchasing policy.

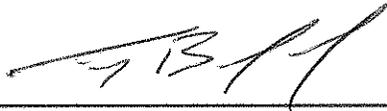

Although some signs will be different sizes as street names are longer and shorter, all companies bid on one (1) 30" hollow tube sign with 4" lettering and graffiti protection. This is the most common size sign in Los Alamitos. It is anticipated that the City Manager can purchase approximately 120 to 160 signs with a budget of \$15,000. The bids are as follows:

COMPANY	BID
Highway Safety, Inc.	\$ 89.00
Western Highway Products	\$105.86
Zumar Industries	\$125.00

Fiscal Impact

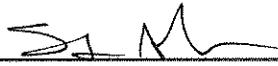

Phase III was approved in the 2014/15 budget for a total cost of \$20,000. The request is to spend \$15,000 on street name signs. The remaining \$5,000 will be spent on regulatory (stop, yield, etc.) signs and hardware as needed.
