5. PRESENTATIONS

None.

6. Discussion Items

A. Rosenberg's Rules of Order

City Clerk Windmera Quintanar provided a brief summary of the information contained within this report and answered questions from the commission. Rosenberg's Rules or Order have simplified the procedures outlined in Robert's Rules of Order, providing plain guidelines for smaller bodies, while retaining the basic tenets of order to which legislative bodies must adhere.

City Clerk Quintanar stated that a 50-minute video on Rosenberg's Rules of Order would be screened at the next Cable meeting in May. A link to the online video was provided. http://www.ca-ilg.org/document/parlimentary-procedure-simplified

B. Discussion of "Cable Operations Study" assigned to Skyline Media Production of Irvine

City Manager Bret Plumlee provided a brief summary of the information contained within the report and answered questions from the commission. City Manager Plumlee introduced the City's Administrative Services Director, Jason Al-Imam, and Skyline Media Production principles, Ernie Castelo and David Ihrig, who have over 35 years of combined experience in government cable television programming.

Mr. Ihrig stated that they were impressed with the level of enthusiasm and real interest that Los Alamitos has for its cable television and LATV. Their goal is to develop a vision within 90 days to identify within the community, those with a message, those who will do the work, level of support from students, community producers, and a basic workshop outline. He encouraged the commission's input and highlighted their value as the outreach liaison into the community.

Mr. Castelo stated that they would like to obtain data on viewer metrics and create a campaign to gather supporters.

Specifics concerning how to obtain viewership information were discussed.

The basic guidelines concerning PEG perimeters, sponsorships, underwriting were discussed. The issue of LATV growth, internet streaming, and reaching outside the boundaries of Los Alamitos were discussed.

City Manager Plumlee underscored the importance of self-sustaining workshops and programs to minimize the financial impact on the City and the General Fund. Quality programming, that is locally pertinent, promotes community support.

The value of local programming, which gives a voice to local issues, residents, their families, and their interests, is important to Los Alamitos and speaks to the heart of our community.

Mr. Ihrig expressed confidence regarding upgrading studio equipment. While they intend to present various options for LATV, plans for the studio will be included in their report. Skyline's report to the Council will address and provide a future direction and vision for LATV.

Commissioner Singer inquired as to the specific City Council goals for LATV.

Administrative Services Director Al-Imam suggested that about mid-point in the assessment and evaluation process, Skyline could present a workshop for the City Council, to provide information, offer feedback, and solicit direction.
Chair Underwood inquired how Skyline viewed the role of the Cable Commission with LATV.

Mr. Castelo replied the commission serves as advisors to Skyline, holding them accountable as station managers.

Mr. Ihrig added that the commission is really the community liaison and should not be involved in station programming; they should keep an eye on the budget.

C. Review and Discuss LATV Fund 28 Year-to-Date Activity Report

Administrative Services Director Al-Imam provided a brief summary of the information provided within this report, answering questions from the commission.

Chair Underwood asked if Mr. Al-Imam could provide an estimated projection of the fund balance at the end of 2016.

Mr. Al-Imam said the fund receives approximately $27,000 to 30,000 per year.

City Manager Plumlee stated that the funds that the City receives from the $1 per household diminish slightly annually.

D. Discussion of the Goals, Responsibilities and Mission of LATV and the Role of the LATV Commission

City Manager Plumlee provided a brief summary of this item and advised City Clerk Quintanar had identified several versions of *Los Alamitos Access Television Policies and Procedures.* Attachment 4 was adopted by the City Council on November 16, 2009. All policies for LATV are required to also be approved by the City Council and this was the latest version that was approved.

Commissioner Clayton said he supports review and revision of these policies, but suggested that would be better after Skyline has had an opportunity to review this and other LATV studio documents.

7. COMMISSIONER REPORTS

Student Commissioner Ellison provided a follow-up on last month's request to research the possibility of obtaining music from the 2015 Los Alamitos High

School bands, presenting two CDs, one concert band, one jazz, for consideration to air during LATV's Community Calendar, Public Service Announcements, etc.

Commissioner Clayton suggested caution when using copyrighted music. Liability issues were briefly discussed.

8. ADJOURNMENT

The Cable Television Commission adjourned at 9:02 p.m.

Attest:

John Underwood, Chair

Bret M. Plumlee, City Manager

removed from air or moved to a time slot between 10:00 pm and 6:00 am (in the case of indecent content) unless and until the initial review has been conducted. The City Manager or his designee shall make a determination regarding such potentially inappropriate content. LATV shall make reasonable attempts to notify the producer of the show that such a review is taking place.

B. The City of Los Alamitos, the Los Alamitos Television Corporation, LATV-3 and anyone connected with those entities shall not be responsible for any libelous or slanderous content in any program.

C. Obscenity is currently generally defined under Miller v. California, 413 U.S. 15 (1973) as follows: (1) when an average person, applying contemporary community standards, would find that the show, taken as a whole, appeals to the prurient interest; and (2) when the show depicts or describes, in a patently offensive way, sexual conduct as defined by state law; and (3) when the show, taken as a whole, lacks serious literary, artistic, political or scientific value.

D. Unlawful incitement is currently generally defined under Brandenburg v. Ohio, 395 U.S. 444 (1969) as follows: advocacy of the use of force or of law violation where such advocacy is directed to inciting or producing imminent lawless action and is likely to incite or produce such action.

E. If the designated City employee reviews the program and concludes that it constitutes programming described in (A) above ("Challenged Program"), LATV may pull the show from the air or, in the case of indecent content, move it to a time slot between 10:00 pm and 6:00 am while at the same time making reasonable attempts to notify the producer before taking such action. In all cases, within twelve (12) hours of taking such action, LATV shall provide written notice to the producer that his or her show has been removed from the air or moved to a 10:00 pm to 6:00 am time slot and the reason under (A) for such action. Such written notice shall be delivered to the most current electronic mail or postal address on file with LATV. All producers shall be responsible for maintaining current information with LATV.

F. The producer of the Challenged Program shall have the right, but not the obligation, within forty-eight (48) hours of receiving notice that his or her program has been removed from the air or moved to a 10:00 pm to 6:00 am time slot, to submit a request to LATV for a binding hearing before a neutral third party hearing officer selected through the Office of Administrative Hearings (OAH) ("Hearing Officer")[3]. If the producer does not elect to utilize this administrative process, he or she shall have the right to pursue other legal remedies, as provided for by law.

G. LATV will submit the Challenged Program at issue to the Hearing Officer promptly (within one (1) business day of the producer's request for an appeal). Within two (2) business days of submission of the Challenged Program, both the producer and LATV shall be permitted to file a written brief of no more than ten (10) pages to the Hearing Officer, unless the Hearing Officer determines, in his or her sole discretion, to allow more or less written argument. In addition, there shall be no hearing scheduled before the Hearing Officer, unless requested by the producer or LATV, or unless the Hearing Officer determines, in his or her sole discretion, that a hearing is needed. If a hearing is requested or determined to be necessary by the Hearing Officer, such hearing shall be scheduled within two (2) business days of submission of the Challenged Program. The Hearing Officer shall use all reasonable efforts to limit the

[3] Utilizing the OAH shall be the default process, due to its experience and cost effectiveness. If deemed necessary, however, LATV and the producer may mutually agree to utilize another neutral hearing organization, firm or individual. If an alternative is mutually agreed upon, all remaining hearing procedures and requirements provided for here shall still apply.

hearing time, in the interests of prompt appeal regarding first amendment rights and in the interests of cost. The hearing shall be held in or nearby Los Alamitos, if possible, but in no event further away from Los Alamitos than the cities of Irvine or Los Angeles. The hearing shall be video or audio recorded, but need not be transcribed by a court reporter unless the producer and/or LATV request and pay for such transcription. The video or audio recording need not be certified.

H. This administrative appeals process shall not be subject to the Administrative Procedures Act or any other formal arbitration or appeals process; rather, it shall be limited to the process provided for herein, as well as any other procedures determined to be necessary by the Hearing Officer in his or her sole and absolute discretion. Formal rules of evidence shall not apply, but the Hearing Officer may admit, in his or her sole discretion, evidence which he or she finds to be relevant, probative and supported by sufficient indicia of reliability.

I. The Hearing Officer's sole jurisdiction shall be to determine whether the designated City employee properly concluded that the Challenged Program constitutes programming described in (A) above. Review by the Hearing Officer must be completed within three (3) business days of submission of the Challenged Program, unless the Hearing Officer determines, in his or her sole discretion, that additional time is needed. The Hearing Officer's decision shall be in writing, shall include findings of fact and conclusions of law, shall be provided to all parties at the same time, and shall be final and not subject to appeal to any person or administrative or judicial entity. All documents making up the administrative record shall be provided to and maintained by the City Clerk of the City of Los Alamitos, and shall be retained and disclosed to any person pursuant to the terms of the California Public Records Act.

J. If the Hearing Officer determines that LATV was within its rights to remove the Challenged Program from the air or to move it to a 10:00 pm to 6:00 am time slot, LATV and the producer shall each pay fifty percent (50%) of the costs of the Hearing Officer. If the Hearing Officer determines that LATV was not within its rights to remove the Challenged Program from the air or to move it to a 10:00 pm to 6:00 am time slot, LATV shall pay one hundred (100%) of the costs of the Hearing Officer. In no event shall either LATV, the City of Los Alamitos, LATV-3, or anyone connected with those entities be responsible or liable for any other costs, fees (including, but not limited to, attorney or expert fees), or expenses incurred or claimed by the producer for the Challenged Program. Similarly, in no event shall the producer be responsible or liable for any other costs, fees (including, but not limited to, attorney or expert fees), or expenses incurred or claimed by LATV, the City of Los Alamitos, LATV-3, or anyone connected with those entities for the Challenged Program.

K. If the Hearing Officer concludes that LATV was not within its rights to remove the Challenged Program from the air or to move it to a 10:00 pm to 6:00 am time slot, LATV will make all reasonable efforts to find a time slot(s) for the program to air to make up for the time(s) that the program did not air.

L. If the Producer opts to use the administrative appeals process provided for herein, it shall be the sole and exclusive remedy available to LATV, the City of Los Alamitos and the producer, and no party shall have the right to judicial review or appeal.

10.0 Further Revisions to Policy

It is requested that, within 120 days of the effective date of this policy, any Consultant or other party operating LATV provide the City Manager a list of recommended revisions to this policy. The City intends to consider all recommended revisions to the policy received within that time frame.
