JOINT FORCES TRAINING BASE ESTABLISHES PUBLIC AFFAIRS HOT LINE

LOS ALAMITOS, Calif. -- The leadership of Joint Forces Training Base (JFTB) has pledged to maintain a transparent relationship when communicating with local residents in regard to base-related issues that impact our neighbors.

Effective immediately, the JFTB Public Affairs Hot Line phone number is in operation at (562) 795-2747.

Callers will be requested to leave their name, contact information and a short explanation relating to their concern. A JFTB representative will respond back to them as soon as possible.

Note that this new phone number does not apply to anyone registering an aircraft noise complaint. The Los Alamitos Army Airfield Noise Abatement Hot Line remains in operation at (562) 795-2573.
