**March 1, 2016**  
**5:00 PM**

---

### WHERE

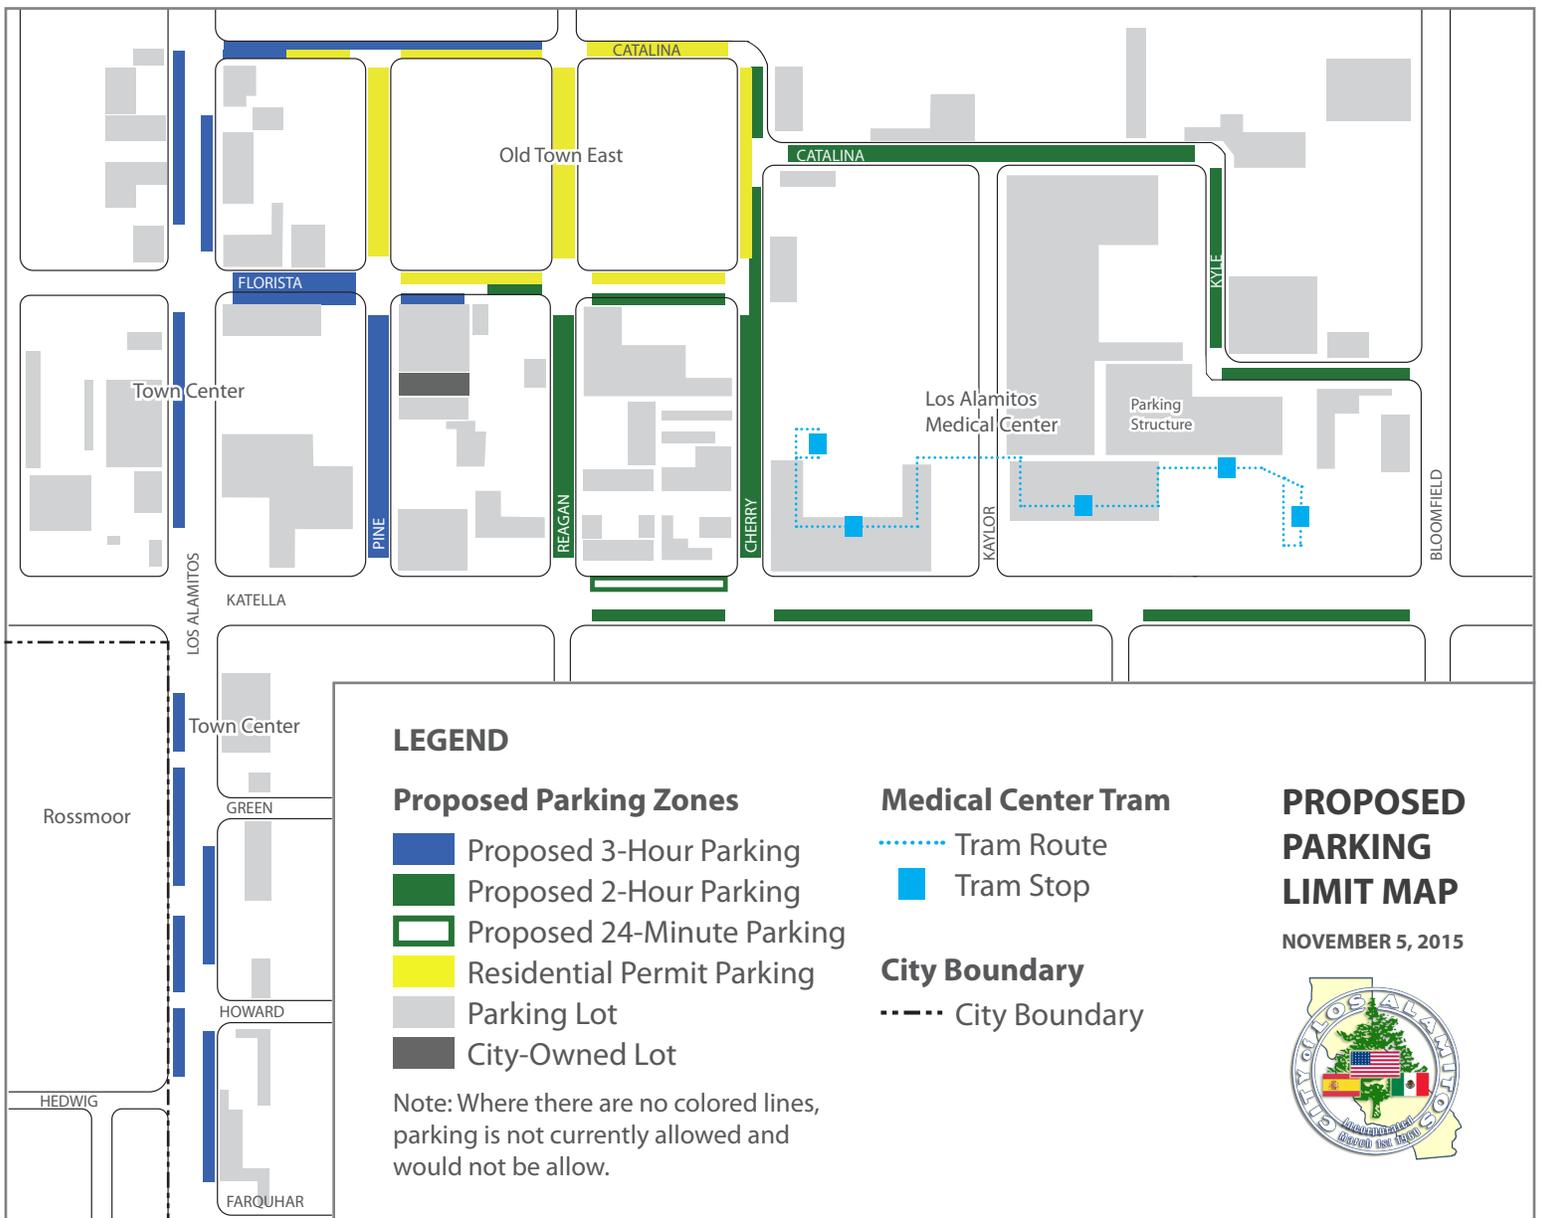

**Los Alamitos**  
**Community Center**  
**10911 Oak St, Los Alamitos**

## TROUBLE FINDING PARKING?

---

Do you live, work, shop, or visit the Old Town East, Medical Center, or Town Center areas? The City of Los Alamitos invites you to a public workshop on parking problems and potential solutions.

- Learn about work done to date
- Hear what community has told us so far
- Discuss the next steps to a solution
- Share your opinions

## WHAT IS THE PARKING PROBLEM?

As the City of Los Alamitos thrives, demand for visitor parking is increasing.

The prevalence of employees and business owners occupying on-street parking limits the potential for business growth and expansion by reducing parking spaces that could be utilized by customers.

Parking solutions are needed to ensure convenience and efficiency for business owners, employees, and customers alike.

## CITY PARKING OBJECTIVES

- Provide convenient & accessible parking
- Optimize public investment in parking
- Maintain a small town, walkable form
- Support a “park once”, pedestrian-friendly vision
- Facilitate economic development through flexible policies
- Discourage the use of public spaces by area employees
