VISITING U.S. ARMY AVIATION UNIT TO CONDUCT TRAINING EXERCISES AND FLIGHT OPERATIONS AT LOS ALAMITOS ARMY AIRFIELD

LOS ALAMITOS, Calif. – A visiting U.S. Army aviation unit will be engaged in training exercises conducted at Los Alamos Army Airfield (LAAAF) from July 16th through July 29th.

This routine training is designed to maintain overall operational readiness and proficiency of the aviators and support personnel participating in the exercises.

Flight operations will include periods of increased air traffic and aircraft noise, and residents of communities located near the base may hear the sound of aircraft arriving and departing LAAAF outside of normal airfield operating hours throughout the training period.

Efforts will be taken to minimize inconvenience to our neighbors during evening hours.
