USMC AVIATION UNIT TO CONDUCT TRAINING OPERATIONS AT LOS ALAMITOS ARMY AIRFIELD

LOS ALAMITOS, Calif. – A U.S. Marine Corps aviation unit will visit Los Alamos Army Airfield (LAAAF) beginning June 5th for five days of training that will include operations utilizing V-22 Osprey tiltrotor aircraft.

The Osprey has a unique noise signature and residents of communities located near LAAAF may hear the sound of these aircraft arriving and departing the airfield. Some flight operations may be conducted outside of normal airfield operating hours.

The training is designed to maintain overall operational readiness and enhance proficiency of the personnel involved in the mission.

Efforts will be taken to minimize inconvenience to our neighbors.

For additional information, contact Col. (CA) Richard Lalor at 562-795-2096 (office), 626- 733-1170 (mobile), or via email at richard.w.lalor2.vol@mail.mil
