CITY COUNCIL AGENDA REPORT

MEETING DATE: February 28, 2022

ITEM NUMBER: 9A

To: Mayor Shelley Hasselbrink & Members of the City Council

Presented By: Windmera Quintanar, MMC, City Clerk

Subject: Public Hearing #3 to Receive Input on the Draft Revised City Council District Boundaries

SUMMARY

Pursuant to Election Code section 21601, cities with by-district election systems are required to redraw their district boundary maps to ensure compliance with the California and federal Voting Rights Acts. The process to complete the redistricting requires a minimum of four public hearings and dedicated public outreach to ensure minority populations and communities of interest are aware of the redistricting effort and are provided with options to participate. The deadline for cities to complete the redistricting process is April 17, 2022.

RECOMMENDATION

1. Open the public hearing to receive public input on district boundaries; and,
2. Review draft maps to redraw district boundaries and provide input to Staff.

BACKGROUND

On May 11, 2018, the City Council adopted Resolution No. 2018-08 declaring its intent to initiate proceedings to transition the City from at-large to district-based Council Member elections pursuant to Elections Code Section 10010 and Government Code Section 34886. The City Council subsequently held five public hearings to solicit feedback and review City Council district maps submitted by the public. On July 16, 2018, the City Council introduced and on July 30, 2018, adopted Ordinance 2018-05, with the Green for the newly created City Council District boundaries.

Following the early resignation of a Council Member, Ordinance No. 2020-02 was adopted to amend the Districting Ordinance to provide for the election of three Councilmembers by district in 2020, with two Councilmembers elected by district in 2022.

After the transition to the district-based election system, the city was geographically divided into five separate districts, each represented by one Council Member who was chosen by the electors residing in that particular district.

On May 17, 2021, the City Council approved an agreement with National Demographics Corporation, Inc. for Professional Demographer Services to assist in facilitating City Council District Map revisions.

The districts must now be redrawn using the 2020 census data and in compliance with the FAIR MAPS Act, which was adopted by the California legislature as AB 849 and took effect January 1, 2020. The deadline for cities with November elections to adopt the final District Map is April 17, 2022 (205 days before the election). If this deadline is passed, the County Superior Court will adopt the district boundaries for the city.

Under the Act, the Council shall draw and adopt boundaries using the following criteria in the listed order of priority (Elections Code 21601(c) for general law cities / 21621(c) for charter cities):

- Comply with the federal requirements of equal population and the Voting Rights Act
- Geographically contiguous
- Undivided neighborhoods and “communities of interest” (socio-economic geographic areas that should be kept together)
- Easily identifiable boundaries
- Compact (do not bypass one group of people to get to a more distant group of people)
- Shall not favor or discriminate against a political party

Once the prioritized criteria are met, other traditional districting principles can be considered, such as:

- Minimize the number of voters delayed from voting in 2022 to 2024
- Respect voters’ choices / continuity in office
- Future population growth

The City must ensure compliance with the following state and federally-mandated criteria:

- Each district shall contain a nearly equal population.
- Each district shall be drawn in a manner that complies with the Federal Voting Rights Act.
- Each district shall not be drawn with race as the predominate factor in violation of the principles established by the U.S. Supreme Court in Shaw v. Reno, 509 U.S. 630 (1993), and its progeny.

After meeting those requirements, the idea of districts is to achieve goals including respect for communities of interest. A community of interest is a neighborhood or group that would benefit from being in the same district because of shared interests, views, or characteristics. Possible community features include, but are not limited to:

- A. School attendance areas;
- B. Natural dividing lines such as major roads, hills, or highways;
- C. Areas around parks and other neighborhood landmarks;
- D. Common issues, neighborhood activities, or legislative/election concerns; and
- E. Shared demographic characteristics, such as:
 - a. Similar levels of income, education, or linguistic insolation
 - b. Languages spoken at home
 - c. Single-family and multi-family housing unit areas

Public Hearings

By law, the City must hold at least four public hearings that enable community members to provide input on the drawing of district maps:

- At least one hearing must occur before the city or county draws draft maps
- At least two hearings must happen after the drawing of draft maps
- The fourth hearing can happen either before or after the drawing of draft maps
- City or county staff or consultants may hold a public workshop instead of one of the required public redistricting hearings

To increase the accessibility of these hearings, cities and counties must take the following steps:

- At least one hearing must occur on a Saturday, Sunday, or after 6 p.m. on a weekday
- If a redistricting hearing is consolidated with another local government meeting, the redistricting hearing portion must begin at a pre-designated time
- Local public redistricting hearings should be made accessible to people with disabilities

On January 18, 2022, and February 7, 2022, the City Council held the first and second of its four required public hearings in the redistricting process, taking input from the public and providing feedback to NDC. This is the third of the four public hearings required by the FAIR MAPS Act.

The fourth public hearing is scheduled for a Special City Council meeting of March 7, 2022 at 6:00 p.m., at which time the City Council is expected to identify and introduce an ordinance to adopt its preferred map. That ordinance would then be adopted at the City Council's Regular meeting to be held on March 21, 2022.

Community Outreach

The City has engaged in outreach efforts to inform the public about the process to redraw the district elections lines. The Public Hearing Notice for the hearings was published in English, Spanish, Korean, and Vietnamese in the News Enterprise. The notices were posted on the City's website, on the posting board at City Hall, and posted to the City's social media outlets including Facebook, Twitter, and Nextdoor.com.

The City's website, <https://ca-losalamitos.civicplus.com/445/2022-Redistricting>, contains all notices, flyers, Staff reports, presentations, and meeting recordings. Before each public hearing an additional notice is published to the City's Social Media sites. The information has also been included in the City's Weekly newsletter.

DISCUSSION

The purpose of this third public hearing is to review and discuss draft maps of proposed districts that have been submitted by members of the community and by the City's consultant National Demographics Corporation (NDC). This hearing transitions from the earlier hearings' purpose of informing the public about the districting process and hearing from the community on what factors should be taken into consideration while creating district boundaries, to a new focus on the specific boundary lines of the draft maps.

Draft Maps

Maps must be population-balanced to be considered for potential adoption. Resident submitted maps and draft maps were posted on the City's website on February 21, 2022. Notice advising draft maps were available was posted on the City's Facebook and Nextdoor.com page and sent to the local papers.

The public submitted one map. NDC has created three district sequencing scenarios for review by the City Council and the public. A representative from NDC will lead a review of the draft maps and answer questions. Part of this process will include looking at different scenarios and various ways to divide the districts.

Based on comments received at or in advance of the third Public Hearing, NDC will refine the proposed maps for final consideration during the fourth Public Hearing on March 7, 2022.

Received Comments

At the January 18, 2022 Public Hearing, Council raised concerns regarding the ability to account for future population growth. A list of known planned and approved developments has been provided to NDC for consideration.

At the same Hearing, concerns were stated regarding the amount of available single-housing units in District 1.

No comments were received at Public Hearing #2.

Next Steps

Tonight the City Council will conduct Public Hearing #3 to seek public input and provide direction on the redrawn draft district maps. Topics for discussion can include:

- How well do the draft maps comply with the Fair Maps Act?
- What do you like about (parts of) each map? What works in each option?
- Council may eliminate maps, request additional maps or tests, and provide additional direction to the demographer

Following tonight's Public Hearing, the initial draft maps and any possible new or revised maps will be discussed at the Public Hearing #4 on March 7, 2022.

On March 7, 2022, Public Hearing #4, the City Council will be requested to select a preferred map. Direction regarding the final map should not be given prior to opening Public Hearing #4. An Ordinance to adopt the preferred district will be introduced.

Adoption of the Ordinance is scheduled to occur on March 21, 2022, and the City Clerk and demographer will then work with the County Elections Division to have the district maps integrated into the countywide voting system. This adoption meets the April 17, 2022 deadline and the new district boundaries will be effective for the November 8, 2022 General Municipal Election.

FISCAL IMPACT

Sufficient funds have been budgeted in the Election Expense Account, 10.511.5233.
