Discovering Redlands

Lunch included at Coco's Restaurant

Tuesday April 25, 2017

\$91 p/p

Enjoy a wonderful day in Redlands with a local historian on board with you the whole trip. Start your day off with a docent tour of the Kimberly Crest House, a 7,000 square foot beautiful French styled chateau home built in 1897. The Kimberly Crest house is a well preserved example of the Victorian Era in California. The home was designed and inspired by a French castle the original owner, Mrs. Cornelia Hill visited on a trip to Europe. Next, you are off to a wonderful lunch and slice of pie at Coco's Restaurant before visiting the Lincoln Memorial Shrine. Last stop is at a local citrus farm where you can do some shopping and take home fresh fruits. This trip is full of history in each stop along with your guide who will share information and specific sightseeing throughout the day!
