Item No: 6B

To: Chair and Members of the Traffic Commission

From: Steven A. Mendoza, Development Services Director

Subject: Residential Permit Parking Review – Old Town East

Summary: Review of Old Town East Residential Permit Parking Program

Recommendation: Review, take public testimony and discuss

Background

Several Los Alamitos residential neighborhoods are subject to Residential Permit Parking Programs. Proponents seek these regulations to achieve a level of protection from commercial or school related parking impacts.

Discussion

The Residential Parking Programs are subject to review this year. Old Town East is the second neighborhood to be reviewed. During the October Meeting, Traffic Commissioners decided that Old Town East Neighborhood would be next for review. The Traffic Commission directed staff to develop a flyer and begin outreach.

On October 25, 2017 the flyer was supplied to the Traffic Commissioner for their canvassing efforts. On October 25, 2017, Staff mailed out the flyer to the Old Town East Neighborhood.

Old Town East Neighborhood

The Old Town East Neighborhood is surrounded on the North by Catalina Avenue, Florista Street on the South, Los Alamitos Boulevard on the West and Cherry Avenue on the East. The area consists of 42 lots 80 residential units and 11 acres. A map has been developed for the Traffic Commission, which depicts the parking restrictions within the neighborhood.

The Residential Permit Parking Program in Old Town East was adopted via resolution No 1817 on May 14, 2001. The area was further modified with Resolution 1871 in April
22, 2002 and then the area was expanded on Catalina Avenue via Resolution 2016-34 on October 17, 2016.

The overarching reasoning is to protect the residential area from employees of the large businesses adjacent to Old Town East.

**Outreach**
The survey was provided to the Commissioners for canvassing of the neighborhood. In addition, 42 property owners and tenants were mailed the survey. Staff also hand distributed the surveys on October 27, 2017 to each residential unit.

Once the Traffic Commission is satisfied with the level of outreach, it would be beneficial to deliberate about the program and determine if the residential permit parking should be:

- [ ] Continued,
- [ ] Amended, or
- [ ] Cease to exist.

Tonight, it would be appropriate for the Traffic Commission to hear from the public and deliberate.
