6. STAFF REPORTS

A. Program Highlight: Ready, Set Go! Preschool Program

Recreation Manager Emeline Noda and Preschool Instructor Sheena Moore provided the Parks, Recreation and Cultural Arts Commission with information about the Ready, Set Go! Preschool Program. The City of Los Alamitos Recreation and Community Services Department offers a wide variety of programs, classes, and camps for preschool age children ages three to five years old, ranging from camps, dance classes, Jr. Pee Wee Sports, and preschool. The Recreation and Community Services Department is able to offer the Ready, Set, Go! Preschool Program for lower cost options to the community that they might not have otherwise been able to afford, or compete in enrollment

in other local preschool programs that are continuously full with long wait lists. This popular parent participation preschool program operates year-round. Each session is approximately eight (8) weeks and offers a few different days and times. Three-year-old children develop language skills, cognitive and gross motor development through various programming and activities. Four and five-year-olds make new discoveries about themselves and others, learn how to problem solve and think independently in a learning environment designed to capture their interest while progressing at their own individual pace.

The preschool program maintains a full program of 20 children per class per session. Recently the wait list for the Monday, Wednesday, Friday class has increased, allowing staff to take the next four children, to the max capacity of the classroom and added another staff member to remain in ratio. The parents continue to let the instructor and the Recreation and Community Services Department know how vital the preschool program is and how well it prepares their children for kindergarten. Staff continually finds innovative and low cost activities and crafts to stay within budget, while providing a comprehensive and quality preschool learning experience.

B. Facility Usage

Recreation Manager Ron Noda provided the Parks Recreation and Cultural Arts Commission information on the operation of several facilities available for use and rent to the public. Several of these facilities provide residents and local organizations with an excellent opportunity to have a meeting, conduct sports activities, or have a birthday party at a clean, local place at a reasonable price. The Community Center has several rooms available for classes, meetings, or celebrations. There are two picnic shelters at Little Cottonwood Park that are available for rent to families and the parks and fields, gymnasium, and tennis courts are all available for rent for fitness or leisure. The management, maintenance, scheduling, and staffing of each of these facilities exceeds the revenues brought in by the use. The direct costs for staffing the programs and activities at these locations are paid by the reservation.

C. Sponsors Opportunities and New Partnership Program

Recreation Manager Emeline Noda and Recreation Supervisor Megan Shimada provided the Parks, Recreation & Cultural Arts Commission with pertinent information on Sponsor Opportunities and a new Partnership Program. Sponsorships and partnerships are essential in the operation of the Los Alamitos Recreation and Community Services Department. Each event has several sponsor opportunities available at different levels. Each program has the opportunity to have a sponsor associated to reduce costs and offset the expenditures of the Department. Businesses or organizations receive extensive marketing they would not normally have access to in the City and surrounding communities. Staff recently created a new Partnership Program to enable local businesses to get involved in their community and help "Create Quality of Life" with the Recreation & Community Services Department while obtaining tangible marketing benefits.

Sponsors can now receive exposure across all community events, website, flyers, Activity Guides, social media posts, email marketing, door hangers, and bus stop advertisements. This is an added opportunity that sponsors can opt into that offers a broader reach into the community. These programs will be launched later this month and marketed by City staff. Staff will continue its active solicitation of community partners to reduce expenditures, to provide improved programs and services to the community.

D. Update - Labourdette Park Playground Equipment Options

Recreation Manager Ron Noda provided information to the Parks Recreation and Cultural Arts Commission on the playground options for the anticipated new Labourdette Park playground equipment. The City Council authorized Staff to begin the Capital Improvement Project (CIP) for the replacement of the playground equipment and surfacing of Labourdette Park. The Parks, Recreation, and Cultural Arts Commission created an Ad Hoc subcommittee to discuss the several options and provided a selection of four options for the new play structure at Labourdette Park. The Ad Hoc subcommittee recommended the following items as a priority for the PR&CA Commission review:

- A swing structure that incorporates a belt swing, a toddler swing, and an ADA compliant swing
- Two separate play structures – one for 2-5 year olds and the other one for 5-12 year olds
- Full rubberized surfacing

The Parks, Recreation, and Cultural Arts Commission voted all in favor for Option 1 – Landscape Structure and the natural green/brown color scheme. Motioned/Second: Olveda/Duran
