

## UPCOMING STREET SEWER PROJECT

The Orange County Sanitation District (OCSD) has requested help in obtaining feedback about a major construction project coming to the area in 2020. The Western Regional Sewers Program project will be taking place in seven different Orange County cities, including Los Alamitos. This project proposes the rehabilitation of two parallel sewer lines on Los Alamitos Boulevard/Seal Beach Boulevard, from north of the I-405 to Katella Avenue. The sewer on Katella Avenue from Oak Street to Lexington Drive will also be rehabilitated. Repair to the sewer system is critical, as the lines suffer from corrosion and must be fixed to extend their service life. Once fully repaired, the lines will remain operation for another 50 years. The project is scheduled to commence construction in the summer of 2020.

Your input on this survey is important to helping make the construction as easy as possible on the community. For more information about the project and to assist OCSD in planning, please take a few minutes to take a [community survey](http://www.OCSD.com/LosAlamitos) at [www.OCSD.com/LosAlamitos](http://www.OCSD.com/LosAlamitos).

**Questions:** Should you have any additional questions or concerns about the project, please contact the Orange County Sanitation District (OCSD) at 800-274-3983.
