TRAFFIC COMMISSION AGENDA REPORT

MEETING DATE: July 10, 2019
ITEM NUMBER: 6B

To: Chair Hill and Members of the Traffic Commission
Presented By: Dave Hunt, City Engineer
Subject: Update on Residential Permit Parking

SUMMARY
This staff report is intended to provide information to the Traffic Commission on future actions that will be done on this subject.

RECOMMENDATION
Discussion only at this time.

BACKGROUND
The Traffic Commission spent several meetings in 2017, 2018 and 2019 reviewing the parking programs for Old Town West, Old Town East, New Dutch Haven, Carrier Row and Greenbrook/Woodcrest neighborhoods. This effort included providing opportunity for residents and property owners from these neighborhoods to address the Commission either in writing or during the meetings. A summary and the Traffic Commission recommendation was presented to the City Council on February 19, 2019. A workshop was also held on June 17th, 2019 between the Traffic Commission and City Council to further discuss the next course of action.

DISCUSSION
The following list identifies the plan of action:

Noticing
Notices will be mailed advising impacted occupants and property owners of the existing programs in the following neighborhoods: Carrier Row, Greenbrook and New Dutch Haven. The following strategy will be utilized:
Informational noticing to be mailed out to all residents at the end of July 2019. Will provide general information on neighborhood parking program and identify that enforcement to become effective September 1, 2019.

- Enforcement patrol to begin September 1, 2019. Warning notices will be issued to vehicles parked in violation of program during the month of September.
- A Warning Citation providing an additional thirty (30) day grace period, will be distributed in August 2019.
- Parking citations to be issued starting October 1, 2019.
- In addition to mailings, noticing will also be provided via the City website and Social Media.

**Ticketing Process**

- Parking violations have a $40 fine. Each violator is allocated twenty (21) days to respond (either pay or contest citation).
- After 21 days without action, the citation price doubles to $80.

**How to obtain a parking permit**

- A completed application has to be submitted in person to the Police Department. In order to obtain a permit, vehicle registration and driver’s license information must match the place of residence.
- No initial fee for issuance of a permit. If the sticker is faded/old, it is re-issued at no fee.
- $10 fee to obtain a guest placard if it is lost.

**Items under consideration**

- Issuance of different colored stickers per neighborhood.
  - At this time, the Greenbrook neighborhood is issued green stickers, all other neighborhoods are yellow.
- Extending the Permit Parking Review period from the existing three year cycle, to a five year or longer period.
- Implement a tracking system of applications received for a permit and parking citations issued.
