NOTICING

On April 8, 2020, Notice of Public Hearing was posted at City Hall. It was also published in the News Enterprise on April 8, 2020 as a 1/8th of a page notice.

BACKGROUND

Of the 1,042 bills sent to Governor Gavin Newsom for review, his Administration has stated that the Governor signed 870 bills into law last year. Seven of these bills became effective January 1, 2020 with State directed changes concerning "Large
Family Daycare Homes” and “Accessory Dwelling Units.” In the December 18, 2019 Planning Commission meeting, a Resolution of Intention was approved by Commissioners asking that Staff bring back draft ordinances for consideration of recommendation to the City Council. Draft ordinances are included as Exhibits A and B to Attachment 1 of this report.

DISCUSSION

Here are the changes that are associated with these new State approved Bills and have been incorporated into the attached draft ordinances:

Accessory Dwelling Units (ADU)

With the changes identified in the draft ordinance, Chapter 17.28.020 of the City of the Los Alamitos Municipal Code would continue to allow for ministerial approval of Accessory Dwelling Units (ADU) in single family and multifamily residential zones. These changes were pursuant to the requirements of 2016’s Senate Bill (SB) 1069 and Assembly Bill (AB) 2299, and incorporate further revisions pursuant to 2017’s SB 229 and AB 494. The following briefly summarizes ADU legislation that passed in the 2019 session, which requires the City to amend its existing ordinance regarding development of ADUs and Junior ADUs. A copy of the amended ordinance must be submitted to HCD within 60 days of adoption.

• AB 68 (Ting), AB 587 (Friedman), AB 670 (Friedman), AB 671 (Friedman), AB 881 (Bloom), and SB 13 (Wieckowski)

Effective January 1, 2020, the laws relating to ADUs are to be amended to include the following:
  ▪ A city must allow an ADU within a residential or mixed-use zone;
  ▪ An ADU may be located in an attached garage, storage area, or other accessory structure;
  ▪ If on-site parking is removed to allow for an ADU, a city may not require the on-site parking to be replaced;
  ▪ The maximum rear and side yard setback for an ADU that is not converted from an existing structure is four feet (reduced from five feet in existing law);
  ▪ City may not impose a minimum lot size;
  ▪ Maximum size may not be less than 850 square feet or 1,000 square feet for ADU that provides more than one bedroom;
  ▪ City must act on an application for an ADU on a lot with an existing single-family or multi-family structure within 60 days of receiving a completed application;
  ▪ City may not require owner occupancy for either the primary dwelling or the ADU;
  ▪ Rental of an ADU must be for a term longer than 30 days;
  ▪ No impact fees may be imposed upon development of an ADU less than 750 square feet;
  ▪ Impact fee for ADU more than 750 square feet may be charged proportionately in relation to the square footage of the primary dwelling unit;
Housing element must include a plan that incentivizes and promotes the creation of ADUs that can be offered at affordable rent for very low, low, or moderate-income households;

- Creates an exception to allow ADUs to be sold or otherwise conveyed separate from the primary residence by allowing tenancy in common sales to occur in specified limited circumstances where the ADU is built by a non-profit such as Habitat for Humanity and sold to a low-income family; and,

- Prevents HOAs from enforcing any CC&Rs or rules that effectively prohibit or unreasonably restrict the construction or use of an accessory dwelling unit ("ADUs") or junior ADU on a lot zoned for single-family residential use.

Attachment 2 to this report provides a comparison of the City's current ADU provisions and the recommended revisions reflected in the attached ordinance, and consistent with state law.

Family Daycare Homes

- **SB 234 (Skinner): Large Family Daycare Homes**
  Prior to the enactment of this bill, state law differentiated between small family daycare homes providing care for up to 8 children and large family daycare homes providing care for up to 14 children. As such, state law required cities to treat small family daycare homes as a residential use of property permitted by right in residential zoning districts; conversely cities retained the ability to impose permit requirements and use restrictions regulating large family daycare homes. This latest bill removes the distinction between small family daycare homes and large family daycare homes for purposes of land use regulation by requiring cities to now also treat large family daycare homes as a residential use of property permitted by right in residential zoning districts.

**RECOMMENDATION**

Staff recommends that Commissioners open the public hearing, take testimony, and discuss any questions concerning these changes to “Accessory Dwelling Unit” and “Family Day Care” provisions in the Los Alamitos Municipal Code; and, if appropriate, approve the draft resolution of recommendation to the City Council for these draft ordinances amending the City of Los Alamitos Municipal Code.

4. Number of Units Per Lot.

(a) For lots with a proposed or existing single-family dwelling, no more than one attached or detached ADU shall be permitted on the lot.

   i. Notwithstanding the foregoing, a lot with a proposed or existing single-family dwelling may have one JADU and one detached ADU.

(b) For lots with an existing multifamily dwelling:

   i. At least one attached ADU, and up to 25 percent of the number of the existing units may be constructed within portions of the existing multifamily dwelling structure that are not used as livable space (e.g., storage rooms, boiler rooms, passageways, attics, basements, or garages) provided all applicable building code standards are met.

   ii. Not more than two detached ADUs shall be permitted on the lot.

5. Unit Size and Height.

(a) The maximum size of a detached or attached ADU is 850 square feet for a studio or one-bedroom unit and 1,200 square feet for a unit with two bedrooms.

(b) If there is an existing primary dwelling, the total floor area of an attached ADU shall not exceed 50 percent of the floor area of the existing primary dwelling.

(c) The minimum size of a detached or attached ADU is 200 square feet.

(d) No more than two bedrooms are allowed in any ADU.

(e) No FAR, lot coverage, or open-space requirements may be applied which would not permit at least an 800-square foot ADU that is at least 16 feet in height with four-foot side and rear yard setbacks.

(f) The height of an ADU shall not exceed 16 feet.

6. Applicability of Development Standards. Except as otherwise provided in this Section, all ADUs must conform to the development standards set forth in this Title 17 for the zoning district in which they are located.

7. Setbacks and Spacing.
(a) No setbacks are required for an existing living area or accessory structure or a structure constructed in the same location and to the same dimensions as an existing structure that is converted to an ADU or to a portion of an ADU. For all other ADUs, minimum setbacks of no less than four feet from the side and rear lot lines are required.

(b) A minimum distance of ten feet is required between a detached ADU and the primary dwelling unit, and all other structures, including garages, on the property.

8. **Building and Fire Code Compliance.** All ADUs must satisfy the requirements of the Los Alamitos Building Code and Fire Code and any other applicable provisions of the California Building Standards Code. However, fire sprinklers shall not be required if they are not required for the primary residence.

9. **Off-street Parking.**

(a) One off-street parking space must be provided for an attached or detached ADU. The required parking space may be permitted in setback areas, or through tandem parking on a driveway, unless specific findings are made by the Director that parking in setback areas or tandem parking is not feasible based upon specific site or regional topographical or fire and life safety concerns.

(b) When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an ADU or converted to an ADU, those off-street parking spaces are not required to be replaced.

(c) Off-street parking is not required in the following instances:

i. The ADU is located within one-half mile walking distance of public transit, including transit stations and bus stations;

ii. The ADU is located within an architecturally and historically significant historic district;

iii. The ADU is part of the proposed or existing primary residence or accessory structure;

iv. When on-street parking permits are required but not offered to the occupant of the ADU; and/or

v. When there is a car share vehicle station located within one block of the ADU.
10. **Exterior Access.** An attached ADU must have independent exterior access from the proposed or existing primary dwelling.

11. **Passageway.** No passageway shall be required in conjunction with the construction of an ADU.

12. **Accessibility Standards.** New construction of any ground level accessory dwelling unit shall be designed and constructed to allow for disability/accessibility standards. Plans shall demonstrate future entrance capability and actual construction shall include adequate door and hallway widths, maneuvering space in kitchens and bathrooms, and structural reinforcements for grab bars.

13. **Conversion of Existing Primary Unit.** An existing primary dwelling may be converted to an ADU if it complies with all applicable requirements of this Section.

**F. Permit Procedures.**

1. **Director Approval.** Except as provided under Subsection (2) below, prior to the issuance of a building permit for an ADU or JADU, the applicant shall obtain approval from the Director.

   (a) An application must be submitted on a form approved by the Director. The application must demonstrate compliance with the requirements of this Section and shall be submitted with the appropriate fee as may be approved by resolution of the City Council.

   (b) The Director will review and approve complete applications that comply with the requirements of this Section. The application shall be considered ministerially with no discretionary review or public hearing.

   (c) The Director shall approve or deny an application within 60 days of receiving a complete application that meets the requirements of this Section, unless either:

      i. The applicant requests a delay, in which case the 60-day period may be tolled for the period of the requested delay, or

      ii. If the application to create an ADU or a JADU unit is submitted with an application to create a new single-family dwelling on the lot, the Director may delay acting on the application for the ADU or the JADU until the City acts on the application to create the new single-family dwelling, but the application to create the ADU or JADU will still be considered ministerially without discretionary review or a hearing.

2. **Building Permit Only.** The following types of ADUs and JADUs, shall be approved upon the issuance of a building permit and without Development Services Director
review, regardless of whether the proposed ADU meets the development standards for parking, unit height, size, floor area, landscaping, and setbacks and spacing contained in this Section:

(a) One ADU or JADU per lot with a proposed or existing single-family dwelling if all of the following apply:

i. The ADU or JADU is within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure and may include an expansion of not more than 150 square feet beyond the same physical dimensions as the existing accessory structure. An expansion beyond the physical dimensions of the existing accessory structure shall be limited to accommodating ingress and egress;

ii. The space has exterior access from the proposed or existing single-family dwelling;

iii. The side and rear setbacks are sufficient for fire and safety; and

iv. The junior accessory dwelling unit complies with the requirements of Subsection (l).

(b) One detached, new construction, ADU that does not exceed four-foot side and rear yard setbacks for a lot with a proposed or existing single-family dwelling. The ADU may be combined with a JADU described in Subsection 2(a), if the detached ADU satisfies the following conditions:

i. The total floor area is 800 square feet or less; and

ii. The peak height above grade is 16 feet or less.

(c) At least one ADU, and up to 25 percent of the existing number of multifamily dwelling units, within the portions of an existing multifamily dwelling structure that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, provided each unit complies with applicable building standards for dwellings.

(d) Not more than two ADUs that are located on a lot that has an existing multifamily dwelling, but are detached from that multifamily dwelling and are subject to a height limit of 16 feet and four-foot rear yard and side setbacks.

3. **Zoning Conformity.** The City shall not require, as a condition of approval of a permit application for the creation of an ADU or JADU, the correction of nonconforming zoning conditions.

G. Utilities
1. All ADUs must be connected to public utilities, including water, electric, and sewer services. For example, ADUs proposed to be installed on a property with only septic tanks are prohibited.

2. An ADU that is contained within the proposed space of a single-family dwelling or existing space of a single-family dwelling or accessory structure, as described under Subsection (F)(2)(a)(i) above, is not required to have a new or separate utility connection between the ADU and the utility. Nor is a connection fee or capacity charge required unless the ADU is constructed within a new single-family home.

2. All other ADUs other than those mentioned in Subsection (G)(2) above may require a new or separate utility connection between the ADU and the utility. Any connection fee or capacity charge shall be proportionate to the burden placed on the water and sewer systems due to either its square feet, or drainage fixture unit (DFU) values, as defined in the Uniform Plumbing Code adopted and published by the International Association of Plumbing and Mechanical Officials, upon the water or sewer system. The Director shall make the determination as to whether a new or separate utility connection is required.

H. Fees.

1. No impact fee is required for an ADU measuring less than 750 square feet. Any impact fees charged for an ADU of 750 square feet of more shall be charged proportionately in relation to the square footage of the primary dwelling.

2. Construction of an ADU is subject to any applicable fee adopted under the California Government Code, Title 7, Division 1, Chapter 5 (commencing with § 66000) and Chapter 7 (commencing with § 66012).

I. JADU Requirements.

1. Occupancy and Ownership. A JADU may be rented separate from the primary residence, but may not be sold or otherwise conveyed separate from the primary residence. The JADU may not be rented on a short-term basis of less than 30 consecutive days. The property owner of the lot upon which a JADU is located must occupy either the JADU or the primary residence as his or her domicile.

2. Footprint. A JADU located within a proposed or existing single-family residence may only be constructed within the walls of the residence.

3. Size. A JADU shall not be less than 220 square feet and shall not exceed 500 square feet in size.
4. **Separate Entrance.** A JADU located within a proposed or existing single-family residence must include a separate entrance from the main entrance of the residence.

5. **Kitchen Requirements.** A JADU must include an efficiency kitchen, including a cooking facility with appliances, and a food preparation counter and storage cabinets that are of reasonable size in relation to the size of the JADU.

6. **Parking.** No additional off-street parking is required for a JADU beyond that required at the time the existing primary dwelling was constructed.

7. **Fire Protection.** For purposes of any fire or life protection ordinance or regulation, a JADU shall not be considered a separate new dwelling unit.

8. **Utility Service.** For purposes of providing service for water, sewer, or power, including a connection fee, a JADU shall not be considered a separate or new dwelling unit.

9. **Deed Restriction.** Prior to the issuance of a building permit for a JADU, the owner shall record a deed restriction against the title of the property in the County Recorder's office with a copy filed with the Director. The deed restriction shall run with the land and shall bind all future owners, heirs, successors, or assigns. The form of the deed restriction shall be provided by the City and shall provide that:

   1. The property shall include no more than one JADU.
   2. The JADU may not be sold, mortgaged, transferred separately from the primary residence; this deed restriction may be enforced against future purchasers.
   3. The owner of the property shall occupy either the primary residence or the JADU as his or her domicile.
   4. The JADU may be rented, but may not be rented on a short-term basis of less than 30 consecutive days.
   5. A restriction on the size and attributes of the junior accessory dwelling unit that conforms with this Section.

   The deed restriction may not be modified or terminated without the prior written consent of the Director.

**SECTION 5.** If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Ordinance for any reason is held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have
adopted this Ordinance, and each section, subsection, subdivision, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, or portions thereof be declared invalid or unconstitutional.

SECTION 6. The City Clerk shall certify as to the adoption of this Ordinance and shall cause a summary thereof to be published within fifteen (15) days of the adoption and shall post a Certified copy of this Ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LOS ALAMITOS, CALIFORNIA, AMENDING SECTIONS 17.08.020, 17.22.030, 17.28.140, 17.28.150, AND 17.74.060 OF THE LOS ALAMITOS MUNICIPAL CODE CONCERNING THE REGULATION OF LARGE FAMILY DAYCARE HOMES (ZOA 19-03)

WHEREAS, on September 5, 2019, Governor Newsom approved Senate Bill 234—Family Daycare Homes, amending the California Child Day Care Act (“SB 234”); and,

WHEREAS, prior to the enactment of SB 234, state law differentiated between small family daycare homes providing care for up to 8 children and large family daycare homes providing care for up to 14 children; and,

WHEREAS, prior to the enactment of SB 234, state law required cities to treat small family daycare homes as a residential use of property permitted by right in residential zoning districts; conversely cities retained the ability to impose permit requirements and use restrictions regulating large family daycare homes; and,

WHEREAS, SB 234 removes the distinction between small family daycare homes and large family daycare homes for purposes of land use regulation by requiring cities to now also treat large family daycare homes as a residential use of property permitted by right in residential zoning districts; and,

WHEREAS, this Ordinance amends Sections 17.08.020, 17.22.030, 17.28.140, 17.28.150, and 17.74.060 of Title 17 (Zoning Regulations) of the Los Alamitos Municipal Code to ensure consistency and compliance with SB 234; and

WHEREAS, the Planning Commission opened a duly noticed Public Hearing concerning this proposed code amendment on April 22, 2020, and recommended City Council approval of this Ordinance; and,

WHEREAS, the City Council opened a duly noticed Public Hearing concerning the proposed code amendment on _______; and,

WHEREAS, the City Council considered all applicable Staff reports and all public testimony and evidence presented at the Public Hearing.

THE CITY COUNCIL OF THE CITY OF LOS ALAMITOS, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. The foregoing recitals are true and correct, and are incorporated herein by reference.
SECTION 2. Pursuant to Section 17.58.060 of the Los Alamitos Municipal Code, the following findings are made in support of this code amendment:

a) **This Ordinance ensures and maintains internal consistency with the actions, goals, objectives, and policies of the General Plan, and would not create any inconsistencies with the Zoning Code.**

b) **This Ordinance will not be detrimental to the public convenience, health, interest, safety, or welfare of the City.**

   ZOA 19-03, consistent with Senate Bill 234, eliminates discretionary review and regulation of Large Family Daycare Homes by the City; however, the State Department of Social Services will continue to license and regulate such facilities. Therefore, this action will not be detrimental to the public convenience, health, interest, safety, or welfare of the City.

c) **This Ordinance has been reviewed in compliance with the provisions of the California Environmental Quality Act (CEQA) and the City’s environmental review procedures.**
