Emergency Relief Small Business Grant Program

Program Guidelines

Program Overview

About the Program

The City of Los Alamitos has created a Small Business Emergency Grant Program, which will provide funding to small businesses needing financial assistance in overcoming the temporary loss of revenue due to the COVID-19 outbreak. The program is based on the availability of funds, program guidelines and submission of all required information and supporting documentation. Small businesses with a minimum of two (2) employees and a maximum of 25 employees (full and/or part-time) may be eligible to receive a grant of five thousand dollars (\$5,000). The grant may be used for working capital to cover the day-to-day business operating expenses such as payroll, rent/lease payments, mortgage payments, utility expenses, inventory, Personal Protection Equipment (PPE) or other similar expenses that occur in the ordinary course of operations.

Funding Availability

Source of funds for the program are provided by the Federal Coronavirus Aid, Relief, and Economic Security (CARES) Act received through a Disbursement Agreement from the County of Orange to the City of Los Alamitos. The City will release about \$271,000 of these funds for this initial program. These funds are to be used for eligible expenses including costs associated with the provision of economic support in connection with the COVID-19 public health emergency, such as expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures and if such costs will not otherwise be reimbursed by the federal government.

The City's Development Services Department will be responsible for oversight of the Small Business Emergency Grant Program and disbursement of funds will take place through the City's Finance Department. The City's Program Partner, the Orange County/Inland Empire Small Business Development Center (OCIE SBDC) will be responsible for program administration, application processing, underwriting and for review and approval of financial and business documentation for disbursement approval. City staff is obligated to fulfill the terms and conditions of the funds as established by the City Council, these program guidelines, and Federal, State, and local rules and regulations.
