The City of Los Alamitos announced the launch of CityTech Solutions featuring SolarAPP+, an automated permitting application including the permitting of new residential rooftop solar and storage systems. This program ensures Los Alamitos' compliance with SB 379, the Solar Access Act, which requires cities and counties to adopt automated solar permitting systems to shorten project timelines and lower permit costs for residential solar installations.

SolarAPP+ provides a web-based portal that streamlines and automates solar permit reviews, making it possible to obtain a residential solar permit expeditiously. The app easily integrates into the Los Alamitos' existing permitting software, CityTech Solutions, and is free for local jurisdictions.

DID YOU KNOW

Los Alamitos means
"Little Cottonwoods" in
Spanish.

My City ♥ My Los Al

DID YOU KNOW? When the first Spanish expedition under Gaspar de Portola arrived, the land was dotted with Indian settlements, meandering rivers, and creeks, along with clusters of Cottonwood Trees. Considering Los Alamitos means "Little Cottonwoods" in Spanish, it was from this first vision that the City of Los Alamitos received its name.
