Los AI Bucks Program Extended Until January 31, 2022

LOS ALAMITOS, California – The City of Los Alamitos wants to inspire you to support the small businesses that make this city special by shopping local, dining local and investing local. What better way than to find the perfect gifts for everyone on your list while showing the locally-owned restaurants, retailers and small businesses in our community just how much you care. Funded through monies received from the American Rescue Plan Act (ARPA), Los Alamitos residents will receive \$50 worth of Los AI Bucks to shop at participating Los Alamitos businesses. The City is extending the end of the Los AI Bucks Program from December 19, 2021 to January 31, 2022. Please join Councilmember Ron Bates and the rest of the City Council in supporting Los Alamitos and shop local this holiday season. To view the list of participating Los AI Bucks businesses, please visit the City's website at www.cityoflosalamitos.org.
